**Description**

George is a 15yo 16.2hh draft gelding that is beginner safe to ride and drive. He's very easy to handle on the ground and has good manners. He's very safe to ride in the ring and on the trail. He crosses creeks, mud, ditches, logs, bridges, etc with ease. He will lead or follow and isn't spooky. He drives single and double and has been used to pull most farm machinery. He is healthy and ready to go. His only fault is he will sometimes walk away from you when you go to catch him, but not always. Located in Raleigh, NC. Can help with shipping.
